Access Transportation Finds Long-Term Success with Century Business Solutions

"I can tell you that the little, limited experience that I did have [with other payment processors] was horrendous, to say the least. There are very few companies that I can hold dear to both what I'm about and to what I actually would like to see anybody providing as a service or a product to anyone else.

Century Business not only has provided me a portal to swipe my credit cards through, but, you know what? Constantly always there when I need you guys. The attention to detail, the constant, immediate response or feedback... That's really what sets you guys [apart] from all my previous experience. I work as hard as I do so that my customers leave with somewhat of a same experience, which is, 'You know what? That was exceptional.' And you guys are exceptional for sure."

-Isaac Hernandez,
Co-Owner

About EBizCharge

EBizCharge is a flexible payment gateway that integrates to over 50 leading ERPs and shopping carts. Accept payments in your ERP system, power your online store, and upload customer invoices to the online payment portal. EBizCharge also reduces transaction rates, saving your company money every month.
