

# Accept and manage payments inside BlueCherry ERP.

An out-of-the-box payment integration that allows you to accept and manage payments right within BlueCherry ERP. Streamline billing, sync customer data, give customers easy invoice payment options, and simplify the way you accept payments. EBizCharge qualifies cards at the lowest rates, lowering your monthly processing costs. Easy installation and no development needed.

## Benefits of EBizCharge

- ✓ Accept and manage payments inside BlueCherry ERP
- ✓ Authorize payments on sales orders and automatically capture funds when invoices are issued
- ✓ Automatic cash application and payments on accounts
- ✓ Fully branded, secure online portal for your customers to easily pay off open invoices and view invoice history

## Run payments in these stages:

- ✓ Invoicing (Capture)
- ✓ Sales Orders (Authorization)

## 🌟 How it works

- ✔ Plug the pre-built EBizCharge add-on into your BlueCherry account.
- ✔ No need to change your existing workflow. Create orders the way you always have.
- ✔ Start collecting payment on those orders directly in BlueCherry.

## Features

### Request Payment Method

- ✔ Request customer payment details via secure, PCI-compliant webforms.
- ✔ Save customer payment methods for future use. No more chasing card info.

### Portal Integration

- ✔ Keep customer account data aligned between BlueCherry and your payment tools by syncing customer information in real time.
- ✔ Upload invoices and credit memos directly to our payment portal.

### Customer Management

- ✔ Sync customers and all data from BlueCherry to the payment portal automatically.

### Authorization & Capture

- ✔ Authorize payments on sales orders and automatically capture funds when invoices are issued.
- ✔ Void payments directly from BlueCherry.

## Even more features...

### Cash Application

- ✔ Automatic cash application and payments on accounts.

### Custom Reporting

- ✔ Build custom forms with 50+ search criteria or use one of our pre-built reports.
- ✔ Get an inside look at your payment collection efforts.

## What's in it for you?

### Unlimited Support

- ✔ Our in-house support team handles installation, bug fixes, training, and other inquiries you have.
- ✔ A chargeback management team makes it easier than ever to handle disputes.

### Advanced Security

- ✔ Use the latest in payment security including tokenization, encryption and TLS 1.2 protocols.
- ✔ Offload liability by storing payment data on our secure third-party servers.
- ✔ Adjust fraud modules to customize your gateway's security settings.
