

Accept payments in the field with Jigx Frontline

Benefits of EBizCharge

- ✓ Accept payments in the field with the Jigx Frontline mobile app
- ✓ Easily collect deposits, take service order payments, and reuse saved customer cards for quick checkout
- ✓ Save time and reduce errors with real-time payment syncing to Acumatica
- ✓ Qualify cards at the lowest rates so you pay less on processing fees

An out-of-the-box payment integration that allows you to accept credit and debit card payments in the field. Accept deposits, process payments, and securely store cards within Jigx Frontline. Each transaction directly syncs to Acumatica in real time. EBizCharge qualifies cards at the lowest rates, lowering your monthly processing costs. Easy installation and no development needed.

Run payments in these stages:

- ✓ Appointments

🌟 How it works

- ✔ Plug the pre-built EBizCharge add-on into your Jigx Frontline account.
- ✔ No need to change your existing workflow. Create orders the way you always have.
- ✔ Every transaction syncs back into Acumatica in real time.

Features

Run Transactions

- ✔ Collect deposits, process payments, and store cards directly within Jigx right from your phone or tablet.

Saved Cards

- ✔ Save customer payment details to conveniently use on future orders.

Customer Management

- ✔ If a credit card is being saved in Jigx Frontline, the system checks for an existing customer in EBizCharge. If none exists, it automatically creates one to associate with the card.

Offline Payments

- ✔ Payments taken without internet are securely queued and automatically processed once the device reconnects.
- ✔ Queued data remains inaccessible until submission.

Mobile App

- ✔ Jigx Frontline is a companion mobile app for Acumatica.

Even more features...

Custom Reporting

- ✔ Build custom forms with 50+ search criteria or use one of our pre-built reports.
- ✔ Get an inside look at your payment collection efforts.

Data Sync

- ✔ EBizCharge syncs payments to Acumatica automatically, keeping field and finance teams aligned.

What's in it for you?

Unlimited Support

- ✔ Our in-house support team handles installation, bug fixes, training, and other inquiries you have.
- ✔ A chargeback management team makes it easier than ever to handle disputes.

Advanced Security

- ✔ Use the latest in payment security including tokenization, encryption and TLS 1.2 protocols.
- ✔ Offload liability by storing payment data on our secure third-party servers.
- ✔ Adjust fraud modules to customize your gateway's security settings.
